SUBJ: Annual Report on Converted Positions

I have enclosed a copy of the Annual Report of exempt positions as of the end of 2007. I have also included a list of converted positions extracted from the exempt pay scale. We also still maintain the entire history of converted positions, along with changes, on the computer but it has become too large to publish.

As of December 31, 2007, there were 164 converted positions, down 8 from 172, since the end of 2006. The total number of state employees that we count for purpose of this report is up from 159,018 to 167,644.

If you have any questions, please do not hesitate to contact me.
